Re. The Payment Protection Insurance on your Loan/Mortgage/Credit Cards

Dear Sir/Madam

Thank you for choosing JSK Claims to help you get back your hard earned money back from your bank. We will battle hard to fight on your behalf and will do our very best to try and secure compensation which could be thousands of pounds.

If you have taken out a loan or card in the last ten years then it is likely that you have also been sold Payment Protection Insurance (PPI) as part of the loan agreement. PPI is designed to protect you if you fall sick, become unemployed or suffer an accident and cannot keep up your monthly repayments. It may seem a worthy product but many people simply did not need, ask or want it. It has resulted in customers paying over the odds on their loan/card repayments. PPI was only an optional extra but many people were told that they had to take PPI in order to get the loan/card. Others were not even informed that PPI was being charged on the credit repayments.

By choosing our services you have made the first step in helping us help you get your money back. We offer a **10% no win no fee** service* and we are committed to working hard to get back your money. There are no upfront fees or any hidden charges. If we do not get you any money then you pay us nothing.

In order to help us get started on your claim simply complete the enclosed forms. The **letter of authority** and **client agreement** will enable us to act on your behalf and you can provide your account details on the simple **questionnaire**. Please also send us copies of any documents which may assist us in making a claim. This could be the credit agreement, policy schedule or any such document confirming PPI.

Please complete the forms and send them to the address below. If you wish to discuss anything then please do not hesitate to contact us.

Yours Sincerely

Heena Kishore
